Eliot Hsu

(408)-642-8396
eliothsu@berkeley.edu
7739 Robindell Way, Cupertino, CA

Education

- **UC Berkeley EECS Class of 2020**
- **3.87** EE/CS GPA, **3.75** Overall
- Regents' & Chancellor's Scholar
- MVHS 4.0 U/W GPA
- 36 ACT, 2350 SAT

Courses

- CS170: **Algorithms**
- CS61B: **Data Structures**
- CS61C: **Computer Architecture**
- CS184: **Computer Graphics**
- CS61A: **Computer Programs**
- CS198: **Web Design**

Experience

Software Internship 802 Secure (May-Aug. 2017)

- Designed, wrote, tested, and shipped production software
- Built and maintained Docker images for company usage
- Processed WiFi capture (.PCAP) data for cloud analytics
- Wrote startup scripts for Ubuntu-based client machines

PBL Tech Committee Chair (Dec. 2017-)

- Revamped semester-long web dev. / scripting curriculum
- Teach curriculum in weekly meetings to a committe of 6
- Facilitate members' professional and social development
- Plan club-wide events and contribute to club growth

Bearmax CalHacks Winner (Nov. 2016)

- Chatbot, diagnoses diseases from symptom descriptions
- Built on Facebook Messenger with IBM Watson NLP
- Wrote integration scripts across Heroku, API Medic
- Won Best Health Hack and Best Beginner Hack

Lightspeed Personal Scheduler (Jan. 2017-)

- Made a personal task scheduler with time allotments
- Pulls and pushes events using Google Calendar API
- Optimizes schedule with NP-C approximation algorithms
- Developing automatic time estimates from stat. analysis

CS170 Wizards NP-Complete Solver (Oct-Nov. 2017)

- Wrote an efficient solver for Betweenness (NP-C)
- Utilizes Simulated Annealing to converge on solution
- 98th percentile final grade overall in algorithms class
- Scored in top 5 projects in a ~650 person class

Hearthstone Deck Predictor (Oct. 2017)

- Processed a public dataset into a basic n-gram model
- Uses Python JSON parsing for manual data analysis
- Predict opponent's moves based on recorded games
- Output predictions during live online matches

Skills

- Python, Java, C, C++, AHK, SQL
- HTML, CSS, JavaScript
- Algorithm Design, Scripting
- Accessibility, Optimization
- Photoshop, Illustrator, Indesign
- Unix, Windows
- Git, Shell/Bash Scripting

Hobbies

- Photography, Video Editing, Graphic Design
- Noteworthy A Cappella (UC Berkeley)
- French Horn (7 yrs., CYS Senior Orchestra)
- Personality Psychology - Attachment Theory
- Building Desktops (4 from-scratch builds)
- Reading, Writing (wrote a novel)
- Day Trips and Adventures
